Optional Extras You May Not Have Considered
We can offer many enhancements for your building

- Guttering** – Direct the water away from the building.
- Eco Pads** - Lift the building off the ground to stop the floor supports sitting in standing water.
- EZ Base** - Level uneven hard standing or simply create a cost-effective base on soft ground.
- Extra Height** – If you want the building to be taller than standard this can be done in 5.5” increments.
- Security Upgrades** - Keep your valuables safer.
- Insulation** – Turn your workshop / summer house into an all year round building.
- Internal T&G Cladding** – We can T&G internally for a lovely finish.
- uPVC Windows & Doors** – Available to suit any of our buildings; available in Anthracite and White.

MCD Garden Sheds

GARDEN SHEDS | GARDEN CHALETs | GARDEN COTTAGES | SUMMER HOUSES | GARDEN ROOMS | GARDEN OFFICES

MCD Garden Sheds stand out among the variety of garden buildings available on the market in the UK: 100% handmade to order. Each shed is made from fully pressure treated Scandinavian timber throughout and comes with heavy duty framing, solid T&G timber floor, box profile metal roof and an internal breathable membrane as standard.

MCD EZ Base

The MCD EZ Base is a wooden frame designed to provide a solid, level base for your new garden building.

Used to level uneven hard standing or simply create a cost-effective base on soft ground.

A convenient, cost effective solution for achieving a stable base.

Our Market Leading Specification

- Fully pressure treated Scandinavian timber throughout (10-year anti-rot guarantee)
- Box-profile metal roof (Lifetime job - beats felt any day)
- Planed 23.5mm shiplap boards (Planed down to 20mm - unbeatable quality)
- 75mm x 36mm framing throughout (Double the thickness of any competitor)
- Planed 23.5mm solid timber T&G floor (Planed down to 20mm)
- Full internal breathable membrane lining (As standard, and it breathes, unlike plastic)
- Toughened acrylic windows for safety (17 times stronger, clearer and safer than glass)
- Hot-dipped galvanised nails and hardware throughout (Will not rust)

MCD Garden Rooms
